

THE MONADNOCK

VOL. XXVIII NO. 2

MAY 1954

THE MONADNOCK

VOL. XXVII NO. 2

MAY 1954

The staff of THE MONADNOCK extend greetings to the alumni of the Clark University Graduate School of Geography. This issue of THE MONADNOCK is dedicated to you. It is your continued and wholehearted support that assures the success of this magazine.

We hope that this issue contains news and information which will be of interest to all. The response to the questionnaire sent out last fall has been most gratifying both from an editorial standpoint and from a financial one. Over 250 dollars were generously contributed by you this year. We are happy to report that over 500 copies of the December issue were sent out to all parts of the world. In the past this magazine has attempted to keep you informed as to the whereabouts and activities of others. We have continued this tradition and have reproduced the information you sent in with as little editing as possible.

May we take this opportunity to wish each of you success in professional projects and happiness in personal affairs.

THE STAFF

The MONADNOCK is regularly published twice a year, in December and May, by the Clark University Geographical Society, Worcester, Massachusetts.

STAFF ACTIVITIES

Dr. Samuel Van Valkenburg had three articles published this spring including "Iraq" in the January, 1954 issue of *Focus*, "The Hashemite Kingdom of the Jordan:" a study in *Economic Geography*, Volume 30, April, 1954, and "Iraq," in *Social Education*, Volume 18, March, 1954.

In March he visited his home in Holland for about ten days in order to see his sister who has been seriously ill.

On April 28th he left for a two week lecture trip to the west coast where he visited Chico State College, Oregon State College, the University of Washington, Bellingham College of Education, San Francisco State College, the University College of Los Angeles, and the University of Southern California. He also gave the chief conference lecture at the meeting of the California Council of Geography Teachers.

During the summer school he will give one class in Political Geography.

Dr. Raymond E. Murphy attended the meeting of the Association of American Geographers in Philadelphia where he was a discussant in the Urban Section and in the section on Problems in the Geography of the United States. Dr. Murphy was a member of the retiring Council of the Association.

Dr. Murphy was responsible for the Introduction and Conclusion of the section on "The Fields of Economic Geography" and the chapter on

"The Geography of Mineral Production" in *American Geography: Inventory and Prospect*, published this spring.

An article titled, "Delimiting the CBD", by Dr. Murphy and Dr. J. E. Vance, Jr. will appear in the July, 1954, issue of *Economic Geography*. This summer they will be working on two further articles concerned with the Central Business District.

Dr. Edward Higbee presented a paper at the Association meeting in Philadelphia titled, "Emerging Trends in Eastern Mountain Agriculture."

He has been spending some time this spring in summarizing the results of field work undertaken last year throughout the United States and will continue this work on Martha's Vineyard where he plans to spend the summer with his family in a newly acquired cottage.

Dr. Dieter Brunnschweiler re-opened the weather station at Clark this spring and has an enthusiastic group of some 20 amateur weather forecasters who have been quite successful in their predictions. Dr. Brunnschweiler attended the meetings of the Association of American geographers in April and did some traveling along the coastal plain as well. He has an invitation to go to Syracuse to give a lecture in May on his private research into climatological classification.

In June Dr. and Mrs. Brunnschweiler will leave for Bolivia. He will be one of a group of fourteen comprising a United Nations

Mission to Bolivia and will be a climatology consultant for the Bolivian Department of Agriculture. He will work on an analysis of Bolivian climate, and aid agricultural experts in determining new alpine agricultural procedures possible on the Altiplano of Bolivia.

Dr. Brunnschweiler also plans to work on a private research project concerning glaciation in the Andes.

At present he plans to be in Bolivia until July, 1955. His address will be: c/o United Nations Mission, La Paz, Bolivia.

Dr. Hassan Awad, Director of Geography at Ibrahim University, Cairo, Egypt, who is a visiting lecturer at Clark this year, journeyed to Washington and Detroit this spring. In April he was one of the speakers at an all-day Conference at Clark on the topic, "Africa in the World of Today." In June he will start his trip home via the Pacific. He has been invited on a field trip to study the desert of California by Dr. Richard Logan of the University of Southern California. After this he will visit Japan, Hong Kong, Indonesia, Thailand, India, and possibly Iran before arriving in Cairo at the end of September. Clark alumni have been alerted along his route and he is looking forward to meeting geographers in each country he will visit.

Mr. Guy Burnham has been busy with his class in cartography this spring. He has also been directing two assistants in cartographic work for *Economic Geography*. Occasionally he has been presented with unusual problems by the lay public. A school teacher who is a hay broker on the side came in to inquire about the soils of Cayuga County, New York State. He was weighing the potential quality of New York hay against Canadian hay.

This summer Mr. Burnham will be busy in the cool depths of the Geography building with his summer class in cartography and will be relaxing in his garden whenever possible.

ROBERT G. BUZZARD HONORED

On October 3, 1953, President Robert G. Buzzard (Ph.D. Clark, 1925) was honored at a special Convocation held at Eastern Illinois State College, Charleston, Illinois. The occasion was the 20th anniversary of Dr. Buzzard's appointment as President of Eastern Illinois State College.

More than a score of geographers who now hold graduate degrees from Clark and other universities were Dr. Buzzard's students when he served as Head of the Department of Geography at Illinois State Normal University during the decade preceding his college presidency.

Five geographers with Ph.D. degrees from Clark were students of Dr. Buzzard, while an equal number of his former students hold Ph.D. degrees in geography from other universities. No less than seventeen of his former students hold M.A. degrees in geography from Clark as does his son, Henry Buzzard. This record of inspiring his students to successful graduate work in geography tells more adequately than words the quality of Dr. Buzzard's leadership and teaching.

THE SUMMER SCHOOL PROGRAM

Beginning June 28th, the Summer School this year will comprise one six and one-half week session. This session has "Problems of Citizenship To-day" as its theme and includes courses for teachers, graduate students, and undergraduates.

Four courses will be offered by the School of Geography. Dr. Samuel Van Valkenburg will present "Elements of Political Geography." Dr. Earl Shaw, Worcester State Teachers College, will give courses on "Principles of Human Geography" and "Principles of Economic Geography." Mr. Guy Burnham will present "Cartography."

ALUMNI ACTIVITIES

Abrahamson, Sherman R. (Ph.D. '49) Geographer, U. S. Government. 1518 Wayne Drive, Falls Church, Va. Recent publications: "The Shifting Geographic Center of Petroleum Production and Its Effect on Pricing Systems," *Econ. Geog.* Vol. 28; "Petroleum in the Soviet Union: An Appraisal of a Recent German Study," *Econ. Geog.*, Vol. 29. He now has two sons, Dale, born June 18, 1949, and Donald, born November 25th, 1953.

Adkinson, Burton W. (Ph.D. '42) Director, Reference Department, Library of Congress, Washington, D.C.

Allen, Agnes M. (Ph.D. '37) Head of Science Department, Director of Student Welfare, Arizona State College, Flagstaff, Arizona. Instituted a special field course at end of summer sessions designed especially for teachers in Arizona. State President of the American Association of University Women.

Atwood, Wallace W. Jr. (Ph.D. '30) Director, Office of International Relations, National Academy of Sciences—National Research Council, Washington D.C. U.S. delegate to the UNESCO Working Party conference held in Paris, July 1953 to consider the establishment of an International Advisory Committee on Scientific Research. Member U.S.A. National Committee for the International Geophysical Year, 1957-58.

Augelli, John P. ('39-'43) Assistant Professor, University of Maryland, College Park, Md. Recent publications: "Patterns and Problems of Land Tenure in the Lesser Antilles," *Econ. Geog.*; "Sugar Cane and Tobacco: A Comparison of Agricultural Types in the Highlands of Eastern Puerto Rico," *Econ. Geog.*

Bellinger, Frank H. (M.A. '53) Instructor in Geography, Wheaton College. The family now includes three boys.

Bengtson, Nels A. (Ph.D. '27) Professor of Geography and Dean

of the Junior Division, Emeritus, University of Nebraska.

Berman, Mildred (M.A. '50) Instructor, State Teachers College, Salem, Mass.

Black, Lloyd D. (M.A. '36) Adjunct Professor of Geography, American University, Washington, D.C.; Consultant, U.S. Forest Service.

Boesch, Hans ('34-'35) Chairman, Department of Geography, University of Zurich, Switzerland. Vice President I.G.U. Research on an Industrial Map of Switzerland.

Branom, Frederick K. (Ph.D. '23) Chairman, Department of the Social Sciences, Chicago Teachers College, Chicago, Ill. Preparing an article which will be published during the early part of 1954 for the *Chicago Schools Journal* on, "Free and Inexpensive Materials in the Social Studies."

Bollinger, C. J. Associate Professor, University of Oklahoma, Norman, Okla.

Botts, Adelbert K. (Ph.D. '34) Chairman, Department of Geography, New Jersey State Teachers College, Trenton, New Jersey. Conducted field trip sponsored jointly by the New Jersey State Teachers College and Division of Travel Service, National Education Association, to Churchill, Manitoba, August 1953. Taught two courses in the Summer School 1953 at Rutgers University.

Burrill, Meredith F. (Ph.D. '30) Director, Division of Geography, U.S. Department of Interior, Washington, D.C.; Executive Secretary, Board on Geographic Names. Studying at present topographic terms used in geographic names.

Burton, Dorothea E. (Ph.D. '49) Major, USMCR, Administrative Assistant, Training Department, U.S. Naval Photographic Interpretation Center, U.S. Naval Receiving Station, Washington, D.C.

Buzzard, Robert Guy (Ph.D. '25) President, Eastern Illinois State College, Charleston, Illinois.

Caldwell, Harry H. (Ph.D. '51) Assistant Professor, Department of Geology and Geography, University of Idaho, Moscow, Idaho. Recent Publications: "Recreational Resources and Their Conservation," *Northwest Conservationist*, Vol. XII; "Tourist Packer Services in Primitive Areas," *Land Economics*, Vol. XXIX. Plans to write a high school textbook on Idaho's Resources and Industries.

Campbell, Robert D. (Ph.D. '49) Chairman, Department of Geography, George Washington University, Washington, D.C.; Consultant, George Washington University, Office of Naval Research Logistics Research Project; Principal Investigator, Historical Records Research Project, School of Engineering, George Washington University. Recent Publications: "The Environment—Material Relationship as it Affects Logistic Planning," with Walter H. Bailey. Professor Campbell was a Fulbright Lecturer, Department of Geography, Alexandria University, Alexandria, Egypt for the academic year 1952-53.

Carls, Norman (Ph.D. '35) Professor of Geography, American University, Washington, D.C., at the present time is continuing work on a series of geography textbooks for elementary schools.

Caughey, Philip M. ('45-'46) Chairman of Social Studies, Lexington Junior High School, Lexington, Mass.

Chew, Margaret S. Chairman, Department of Geography, Wisconsin State College, La Crosse, Wisconsin. Working on map bibliography for National Council of Geography Teachers.

Church, Phil E. (Ph.D. '37) Executive Officer, Department of Meteorology and Climatology, University of Washington, Seattle 5, Washington. Elected President of Meteorology Section, American Geophysical Union for three years, beginning July, 1953. The family includes four daughters.

Cox, Catherine E. (M.A. '42) Lieutenant U.S. Navy, 3701 Conn. Ave. N.W., Apt. 425, Washington 8, D.C.

Visited Europe in August and September of 1953.

Crain, Clark N. (Ph.D. '51) Associate Professor and Chairman of the Department of Geography, University of Denver, Denver 10, Colorado. Consultant for two large reclamation projects in South America, plans publication of Historical Geography of Colorado. The family includes four children.

Cressey, George B. (Ph.D. '31) Maxwell Professor of Geography, Syracuse University, Syracuse, New York. Recently completed small volume entitled "How Strong is Russia?", Syracuse University Press; Article in *Economic Geography*, "Changing the Map of the Soviet Union," Vol. 29, 1953.

Creweling, Harold F., (Ph.D. '51) Head of Department of Geography, Tampa, Florida. Presented paper to A.A.G. meeting in Cleveland entitled "A Method of Determining the Cultural Pattern of An American Industrial City." Appointed a member of Governor's Committee on Resource Use Education.

Cunningham, Floyd F., (Ph.D. '30) Chairman of Department of Geography and Geology, South Illinois University, Carbondale, Illinois. Conducted seven-week field trip to Alaska summer of 1953; Fulbright lecturer at Ibrahim Pasha University and American University, Cairo, Egypt, Sept. 1953 to June 1954. Became grandfather of twins, Joel Wayne and Jeffrey Alan Jungers in March, 1953.

Danklefsen, Mildred, (M.A. '43, Ph.D. '52) Assistant Professor of Geography, Western Reserve University, Cleveland 6, Ohio. The second National Television Survey report will be published soon by The Journal of Geography. Paper now in progress on The Modernization of the Wabana Iron Ore Industry of Newfoundland; plans to write a Geography of Jamaica. Announces her engagement to William E. Walmsley, Cleveland Attorney.

Deacon, Nadine Att. (Mrs. Arthur S.), ('44-'45) 17 St. Leonardo Ave., Toronto 12, Ontario, Canada. A third child, David, was born June 1, 1953.

Dean, Veva K., (Ph.D. '49) Professor of Geography, State Teachers College, East Stroudsburg, Pa.

Deasy, George F. (Ph.D. '48) Professor of Geography, Pennsylvania State University, State College, Pa. Textbook on economic geography now in process.

Dietrich, Sigismund der, (Ph.D. '31) Head, Department of Geography, University of Florida, Gainesville, Florida. Recent papers given: AAG 1952, "The Rainfall of Miami"; Florida Academy of Sciences, 1952, "The Geographic Factor in Florida's History 1953," "Two Decades of Florida's Truck Crop Industry 1933-34—1952-53. Recent publications: "Field Workshop in Resource-Use Education," *Florida School Bulletin*, 1951; "The Significance of Thünen's Theory in Economic Geography," *Memorandum Folio*, S.E. Div. A.A.G. 1951, "State Economic Areas, Preliminary Critical Review," *Memorandum Folio*, 1952 "Florida's Shrimp Industry," *Economic Leaflets*, Vol. 10, "Some Geographic Aspects of the Russian Expansion," *Education*, 1952; "The Geographic Factor in the History of Bulgaria," *Quarterly Journal*, 1952; "Florida's Non-Metropolitan Urban Growth, 1930-1950," *Quarterly Journal*. As President of the Florida Academy of Sciences 1954, he hopes to inaugurate an educational radio program by the contribution of results of research of the members of the Academy. He also reports that his daughter Rosemary entered the University of Florida as a Freshman.

Dornbach, John E. ('50-'52) Cartographer, Aeronautical Chart and Information Center, St. Louis, Missouri. Instructor (Night School), Washington University, St. Louis, Missouri. Co-author "Chart Altitude as a Function of Hypsometric Tints," *Naviga-tion* (Journal of the Institute of Navi-

gation), 1953. A first child, John Thomas, was born February 1, 1953.

Dunkle, John R. ('51-'52) Instructor of Geography and Physical Sciences, Department of Geography, University of Florida. Article on Florida forthcoming in "La Vie del Mondo." A first child, John Robert, Jr., was born in March of 1953.

Elliott, Francis G. (Ph.D. '52) Oceanographer, U.S.N. Hydrographic Office, Washington, D.C.

Fairchild, Wilma B. (M.A. '37) Editor, *Geographical Review*, American Geographical Society, Broadway at 156th St., New York 32, N.Y.

Fause, Asbjorn (M.A. '35) Cartographer, Pan American World Airways, Inc. Home address: 1575 Odell Street, New York 62, N.Y. The family includes two children, Carol-Jo, age 7 and Kenneth, age 5.

Fisk, Brad, Jr. (M.A. '50) Headquarters Co., 30th Engr. Topo. Bn., Fort Winfield Scott, San Francisco, California.

Forward, Charles N. ('52-'53) Geographer, Geographical Branch, Department of Mines and Technical Surveys, Ottawa, Canada. Recent Publication: "Ice Distribution in the Gulf of St. Lawrence During the Breakup Season," *Geographical Bulletin No. 5*, Geographical Branch, Ottawa, Ontario.

Foscoe, Edwin J. (Ph.D. '31) Chairman, Department of Geography, Southern Methodist University, Dallas, Texas. Recent Publication: Co-author of revised *Regional Geography of Anglo-America*, to be published in 1954.

Freeman, Otis W. (Ph.D. '29) 2428 Miller St., Seattle 2, Washington. Professor Emeritus, retired fall of 1953. Elected President, National Council of Geography Teachers for 1954.

Freile, Alfonso J. ('51-'52) Professor of Geography, Universidad de Panama, Panama, Republic of Panama.

Graham, Guilbert R. (M.A. '31) Associate Professor, Department of

Geology and Geography, University of South Carolina.

Green, Howard L. (M.A. '49) Manager, Marketing Research Department, Stop and Shop, Inc., 393 D Street, Boston 10, Massachusetts. A son, Lanford Curtis, was born August 15, 1953.

Grotewold, Andreas (M.A. '51) 5635 South Drexel Avenue, Chicago 37, Illinois. Student at University of Chicago.

Harding, George E. ('30-'31) Chairman of the Department of Geography, Science and Mathematics, State Teachers College, California, Pa. Recent Publication: Co-author—*Elements of World Geography*.

Held, Colbert C. (Ph.D. '49) Assistant Professor of Geography, University of Nebraska, Lincoln, Nebraska. Teaching in the University of Maryland Overseas Program in Europe, 1953-54.

Hirschberg, Peter (M.A. '51) Geographer, U.S. Government. Home address: 310 North Thomas Street, Arlington, Virginia.

Hirst, Mrs. Roy Chairman of the Science Department, Brearley School, White Plains, New York.

Hones, Gerald H. (M.A. '53) Senior Geography Master, Harvey Grammar School, Folkestone, Kent, England. Recent Publication: "Change in Romney Marsh," *Geographical Magazine*, 1953. A son, Robin Anthony, born Feb. 19, 1953.

Howarth, Margery (M.A. '34) Geographer, U.S. Army Map Service, 6,500 Brooks Lane, Washington 25, D.C. Recent Publication: Co-author of *Neighbors in Latin America*, The John C. Winston Co.

Howe, George F. (M.A. '24) Associate Professor of Geography, Teachers College of Connecticut, New Britain, Conn. Recent Publication: "Do College Students Know Geography?" *Teacher Education Quarterly*.

Howe, George M. ('48-'50) Climatologist and Lieutenant, U.S. Navy. Home address: 852 South Frederic St., Arlington 4, Virginia. Prepared a film

strip with teachers' guide on Southwest Germany for the new film strip series of the American Geographical Society.

Hudgin, Bert, (Ph.D. '30) Chairman of Department of Geography, Wayne University, Detroit, Michigan. Recent Publications: *Michigan-Geographic Backgrounds in the Development of the Commonwealth*, Edwards Brothers, Ann Arbor, Michigan. A revision of Miller-Parkins, *Geography of North America*, John Wiley.

Hughes, John T. (M.A. '52) Geographer, Army Map Service, Washington, D.C.

Hunter, Mrs. Esther K. (M.A. '40) 16 Croft Road, Poughkeepsie, New York. Family now includes five children.

Jesseman, Jessie M. (Thornton) (M.A. '41) 14 Humphrey Street, Concord, New Hampshire.

Keller, Lois R. 3232 East Fairfax Road, Cleveland Heights 18, Ohio.

Kellogg, David H. (M.A. '51) Junior Planner, Technical Planning Associates, Inc. 111 Whitney Ave., New Haven, Connecticut. Announces engagement to Miss Ruth E. Milne of Pittsfield, Massachusetts.

Khan, Azra I. Rahman (Ph.D. '53) 24 Cooper Road, Lahore, Pakistan.

Kircher, Harry B. ('51-'52) Economist, Federal Reserve Bank of St. Louis, St. Louis, Missouri. Recent Publications: "From Arkadelphia to Zeigler—a Study of the Place of Cities and Towns in the Eighth District Economy," *Monthly Review*, Federal Reserve Bank of St. Louis, July, 1953.

Kistler, Esther L. (M.A. '38) 212 State St., Nanticoke, Pa.

Laine, Oliver H. (Ph.D. '53) Instructor in Geography, State Teachers College, Towson 4, Maryland.

Laing, Jean ('50-'52) Assistant, Geography Department, The University of Glasgow, Glasgow, Scotland.

Langdon, George (Ph.D. '51) Professor of Geography, State Teachers College, Mansfield, Penna. Recent Publication: "Evolution of a Transportation Route as the Core of a Suburban

Region," *Scientific Monthly*, 1953. Son George is now 18 months old.

Leipold, Louis E. (M.A. '46) Branch Chief, West Europe Branch, Engineer Strategic Intelligence Division, Army Map Service, Washington, D.C. Served as program chairman of the Middle Atlantic Division of the AAG for 1953. Toured the Southwest and hopes to spend a month or two in Europe next summer.

Lemire, Minnie E. (Ph.D. '35) Associate Professor of Geography, Mount Holyoke College, South Hadley, Mass. Traveled last summer in France, Spain, Italy, Switzerland.

Linehan, Urban J. (M.A. '46) Assistant Professor of Geography, Catholic University of America, Washington, D.C. At the present working on his Ph.D. dissertation entitled: "Tornado Deaths in the United States." A daughter, Katherine Ann, arrived last June.

Little, Dana A. (M.A. '51) Strategic Branch, 500th MISG, APO 613, c/o PM San Francisco, Calif.

Lloyd, Trevar (Ph.D. '40) Professor of Geography, Dartmouth College, Hanover, N.H. Recent Publications: Joint author of *le Canada et ses Juisios and Southern Lands*, two school texts for use in Canada. He is teaching a new course, "Regional Geography of Northern Lands" at Dartmouth. Completed research on the regional geography of North Norway and plans a continuation of research on South Norway and on Greenland in addition to contributing to a regional geography of Northern Lands.

Logan, Richard F. (M.A. '37) Assistant Professor, Geography Department, University of California, Los Angeles, Calif. He is conducting research, under contract to the Quartermaster Corps, in the geography of a desert mountain range—the Providence Mts. of the eastern Mojave Desert. Conducted field trips to Ventura Co., Calif., and to the Santa Monica Mountains.

Macgan, Bradford K. ('38-'39) Assistant Professor of Geography and Geology, University of Chattanooga, Chattanooga, Tenn.

Marsingall-Thomas, (Curnow) I. J. (Research Fellow '28) 36 Ducks Hill Road, Northwood-Middle. England. She has two children, one daughter Ann, age 24 who is Assistant Sci. Officer Medical Research Council and second daughter is continuing her studies.

Mason, Carol Y. (Ph.D. '36) Associate Professor of Geography, University of Tulsa, Tulsa, Oklahoma.

Matzat, Willi ('51-'52) Student, University of Goettingen, Bad Soden/Taunus, Koenigsteinerstr. 27, Germany.

Maung, U Thein (M.A. '52) Lecturer and Head of Geography Department, University College, Mandalay, Burma. He reports that a son was born to Mrs. Maung after his return to Mandalay from Clark University. He now has three children (a daughter and two sons). Plans to write "The Geography of Burma" with the cooperation of Dr. G. B. Schilz, an alumnus of Clark University.

McConnel, Wallace R. (Ph.D. '25) Professor of Geography, Emeritus, Miami University, Oxford, Ohio. After 34 years as Professor of Geography retired in June, 1952. Reports that, "teaching was to me a constant source of joy and inspiration as well as a constant challenge." Taught geography during the Summer Sessions in Rhode Island College of Education at Providence during the summers of 1952 and 1953. Plans to give a few lectures and do a limited amount of writing.

McDavitt, Neva (M.A. '29) 402 Normal Ave., Normal, Ill.

McIntyre, Wallace E. (Ph.D. '51) Associate Professor, Geography Department, Illinois State Normal University, Normal, Illinois. Recent Publication: "Philippine Fish Culture." *Scientific Monthly*. Plans to publish soon a textbook in physical geography for public schools in Pakistan. Just

returned from a year as Fulbright Lecturer at the University of the Philippines.

Miller, Rex C. 3255 23rd Street S.E., Washington, D.C.

Minogue, James A. (M.A. '37) Department of the Army, Pentagon, Washington, D.C. Reports that four growing daughters and fifty acres on the Blue Ridge account for nearly all of his spare time.

Moore, Jean ('46-'47) Box 488, Canyon, Texas.

Morrison, Paul C. (Ph.D. '41) Professor, Department of Geology and Geography, Michigan State College, East Lansing, Michigan. Recent Publications: with T. L. Norris, "Some Aspects of Life on a Large Costa Rican Coffee Finca," *Pap. Mich. Acad. of Sci., Arts, and Letters*, 38 (1952); with T. L. Norris, "Coffee Production and Processing on a Large Costa Rican Finca," *Pap. Mich. Acad. of Sci., Arts, and Letters*, 39 (1953); co-author of the "Setting of the Study," a chapter in Loomis, et al. *Turrialba: Social Systems and the Introduction of Change*; chapter on "West Indies," in *School and Library Atlas of the World*.

Myers, M. W. (Ph.D. '48) Professor of Geography, Dept. of Geology and Geography, Mississippi State College, Miss. Conducted a fourth annual summer field course on a month-long trip to California and the Pacific Northwest during the last summer.

Nelson, Herman L. ('50-'52) Assistant Professor in Earth Science, Science Department, Iowa State Teachers College, Cedar Falls, Iowa. At present is working on a combination outline-syllabus for general education course in the earth sciences. Will spend this coming summer in Europe.

Nichols, Norton J. (M.A. '50) Chairman, Social Science Dept., Antelope Valley Joint Union High School, Lancaster, Calif. Married in Llanelly, Wales, 1952.

O'Brien, Anne K. (M.A. '35) 123 Monadnock Road, Worcester, Mass.

Olson, Ralph E. (Ph. D.'46) Professor, Department of Geography, University of Oklahoma, Norman, Oklahoma.

Packard, Leonard P. (M.A. '26) Former Professor of Geography, Teachers College of the City of Boston. Now retired and living at 78 Warren Street, Needham, Mass.

Parker, Harry C. (M.A. '38) Park Naturalist, Crater Lake National Park, Fort Klamath, Oregon.

Pawlikowski, Daniel F. ('51-'52) Social Studies teacher, Bridgeport, Conn. 338 Greenfield Street, Bridgeport, Conn.

Perry, Robert F., Jr. ('52-'53) Instructor, Department of Geography, Salem State Teachers College, Salem, Mass.

Pico, Rafael (Ph.D. '38) Chairman, Puerto Rico Planning Board, Box 26, Roosevelt, Puerto Rico. Recent Publication: Co-editor with C. F. Jones on book "Symposium on the Geography of Puerto Rico" to be published by the University of P.R. Plans trip to India in January to attend Seminar on Housing and Planning as United Nations Discussion Leader.

Pruser, Etha M. (M.A. '54) Advertising, Gimbel Brothers, N.Y. Present address: 121-13 Liberty Ave., Richmond Hill, N.Y. Left AMS in Washington in 1953 to complete thesis entitled: "Some Observations on the Nature of U.S. State Capitals."

Quam, Louis O. (Ph.D. '38) Head, Geography Branch Office of Naval Research, Washington, D.C. Attended Pacific Science Congress in Manila, Philippine Islands in November of last year.

Reith, John W. (M.A. '41) Associate Professor and Head of Department, Geography Department, University of Southern California, Los Angeles, California. Recent publications: with G. T. Renner, "We are Overlooking Geography," *J. of Nat. Ed. Assoc.* 1953; "The United States of Brazil," in second edition of Pearcy and Fifield, *World Political Geography* (in press).

Reith, Gertrude M. ('40-'42) Lecturer in Geography and Marketing, University of Southern California, University College, Los Angeles, California. Working on articles for Encyclopedia Britannica Jr., on the Pacific S.W. as well as the extremely efficient homemaker for the Reith family which now includes two children, Helen and Herby.

Risley, Edward M. ('47-'48) Air Intelligence Specialist, 402 Beechwood Road, Alexandria, Virginia. A son, Christopher, was born January 23, 1953.

Ristow, Walter W. (Ph.D. '37) Assistant Chief, Map Division, Library of Congress, Washington, D.C. Recent publications: "Bibliographic Record of the 17th International Geographical Congress," *I.G.U. Newsletter*, 1953; "Cartographic Exhibits," *Surveying and Mapping*; with Clara E. Le Gear, "A Bibliographic Guide to Historical Cartography," (in press).

Roberts, M. Catherine (Ph.D. '38) Head of Geography Department, State Teachers College, Potsdam, N.Y.

Robertson, Ina C. (M.A. '24) Head of Department, State Teachers College, Valley City, North Dakota. Official delegate of the National Council of Geography Teachers at the UNESCO Conference 1953.

Robinson, J. Lewis (Ph.D. '46) Professor and Chairman, Department of Geography, University of British Columbia, Vancouver, British Columbia. Edited a new physical-political map of Canada and British Columbia. Now completing a 200-page work of a new geography course, "Geography of British Columbia," for use in Grade 10 in B.C. High Schools. His wife, M. Josephine Robinson (Rowan), Clark, M.A. 1943, is now teaching part-time at the Vancouver School for the Deaf. Future plans are a revision of text, *The Geography of Canada*.

Salley, Paul V. (M.A. '51) Geography Instructor, State Teachers College, Gorham, Me. Two births to

report: Michael, May 30, 1952, and Paula, June 23, 1953.

Schadegg, Francis J. (M.A. '37) Chairman, Department of Geography, Eastern Washington College of Education, Cheney, Wyoming.

Shank, Marjorie (M.A. '23) Geography Department, Southern Illinois University, Carbondale, Illinois.

Shaw, Earl B. (Ph.D. '33) Professor of Geography, State Teachers College, Worcester Mass. Papers given: "Egypt's Land Reform Law," National Council of Geography Teachers Conference, 1953; "A Reconnaissance Journey in the South Sudan," AAAS Conference 1953. Returned from a Fulbright year of lecturing at Ibrahim University, Cairo, Egypt in June, 1953, and is now back teaching at Worcester S.T.C.

Shear, James A. (Ph.D. '52) Assistant Professor, Department of Geography, University of Kentucky, Lexington, Ky. Papers given: "The Mean Center, A Neglected Analytical Tool," AAG Southeast Div.; "Variability of Precipitation in the United States," Cleveland meeting of AAG. The family now includes three children, Ray, Elizabeth, and Susan.

Shipman, Julia M. (Ph.D. '28) Retired, East Arlington, Vt.

Simmons, A. G. E. (M.A. '35) Head, Geography Department, State Teachers College, Fitchburg, Mass. Hopes to travel widely in Mexico this summer.

Smith, Helen Boyer (M.A. '38) 3255 Uplands Road, Victoria, B.C., Canada.

Smith, Helen L. ('48-'49) Associate Professor of Geography, Wheaton College, Wheaton, Illinois. Returned in September from Bangkok, Thailand where she taught at Chulalonghorn University under a Fulbright award.

Sobel, John A. (M.A. '49) Teaching Fellow, Department of Geography, University of Michigan, Ann Arbor, Michigan. Tentative title of dissertation: "The Geographic Aspects

of the Iron and Steel Industry in Chile."

Specht, Raymond E. (M.A. '47) Chairman, Geography Department, Wisconsin State College, Stevens Point, Wisconsin. Planning a summer field trip to New England and Canada.

Stacey, Karl ('49-'50) Associate Professor, Department of Geology, Kansas State College, Manhattan, Kansas.

Stoneman, Elwyn A. (Ph.D. '50) Section Chief, Physical Geography, Near East—Africa Branch, Engineer Strategic Intelligence Division, Army Map Service, Washington, D.C.

Sumner, Alfred R. (Ph.D. '49) Assistant Professor of Geography, San Francisco State College, San Francisco, California. This summer he is planning to conduct a geographical tour of the world by air.

Taylor, J. L. (Ph.D. '53) Consultant on Territories and Possessions for the Committee on Interior and Insular Affairs, House of Representatives, Washington, D.C. Recent Publication: "Teaching Materials Produced in the Trust Territory of the Pacific Islands," *South Pacific Commission. Q. Bulletin*, Vol. 3. Last spring served as liaison officer with the Visiting Mission of the United Nations Trusteeship Council on its tour of the Pacific. This winter accompanied a congressional party to the Virgin Islands and Puerto Rico.

Terrell, R. Paul (Ph.D. '49) Head of Department of Geography and Geology, Western Kentucky State College, Bowling Green, Ky. Paper given: "Manufacturing in Kentucky." *Southeastern Div. AAG*, 1953.

Tobey, Ray W. (M.A. '53) Teacher of Geography and Curator of Mineral Collections, Choate School, Wallingford, Connecticut.

Van Cleef, Eugene (Ph.D. '26) Professor of Geography and Business Organization, Ohio State University, Columbus, Ohio. Appointed member of Committee on Climate in Relation to Building and City Planning of the

American Meteorological Society. Re-writing book on urbanism.

Van De Bunt, Wouter (Ph.D. '52) Staff, Central Planning Bureau, K.L.M. Royal Dutch Airlines, The Hague, Netherlands. Recent publication: "Sanaibar, La Perla dell' Equatore," *Le Vie del Mondo*, Italian Geography Magazine, December 1952; article in process, "The Development of Dutch Civil Aviation," for the *Netherlands Journal of Economic and Social Geography*. President, The Hague Circle of Dutch-American Fulbright Exchangees.

Van Royen W. (Ph.D. '28) Chairman, Department of Geography, University of Maryland, Silver Springs, Md. At present is continuing work on the *Atlas of the World's Resources*, Vol. III, dealing with forest and fish resources. Last summer was spent in Europe teaching one course in the Overseas Program of the University of Maryland at Wiesbaden, Germany; giving some special lectures to Air Force officers at A.F.H.W.; consulted with regular geography instructors in the Program; and visited several times in the Netherlands and in Switzerland.

Vogt, Mary C. (Mrs. B. G. Woodland) (M.A. '43) Research Student, Department of Geology, Bedford College, Regent's Park, London, N.W. 1, England. Completing Ph.D. thesis: "Tectonics and Petrofabric Structures in Ballachulish and Glen Coe, Argyllshire."

Vouras, Paul P. (M.A. '51) Graduate Assistant, Department of Geography, Ohio State University, Columbus, Ohio.

Vozka, Henry ('30-'31) 17670 Cooley, Detroit, Michigan.

Wallace, Lillian H. (M.A. '41) Assistant Professor of Geography, State Teachers College, Westfield, Mass.

Weaver, Miles W. (M.A. '51) Associate Planner, Providence Redevelopment Agency, 14 Highland Street, Cranston, Rhode Island.

West, Seymour (M.A. '41) Intelligence Officer, 208 Martha's Rd., Hol-

lin Hills, Alexandria, Va. Second son, David, born Sept. 1952.

Whittemore, Katheryne T. Professor of Geography, College for Teachers, State University of New York, Buffalo, N.Y. Visited Winnipeg last summer.

Wright, A. J. (Ph.D. '51) Geographer, U.S. Coast and Geodetic Survey, Geographic Consultant, U.S. Department of Justice, Washington, D.C. Recent publications: "Geography of Tidelands Oil," *Social Order*, 1953; book *Field Handbook* to be published this year; in progress, "Coastal Place Names."

Wright, Marion I. (M.A. '46) Associate Professor of Geography and Chairman of the Social Studies Division, Rhode Island College of Education, Providence, R.I. Traveled over 6,000 miles by car in Europe during the past summer.

Zeller, Rose (Ph.D. '40) Professor of Geography, Eastern Illinois State College, Charleston, Illinois.

Zuber, Leo J. ('48-'49) Assistant Director, Metropolitan Planning Commission, 808 Glenn Building, Atlanta, Georgia. Visiting Lecturer in City Planning, School of Architecture, Georgia Institute of Technology in addition to Congress Director, Southern Regional Congress on City Planning. Recent publications: *A Planning Directory of the Southeastern States*, Southeast Chapter, Am. Inst. of Planners, 1953; co-compiler of *A Planning Bibliography*, Metropolitan Planning Commission, 1953. A son, Peter Andrew, was born November 17, 1953.

NEW CUGS MEMBER

During the Spring semester a new member joined the CUGS. Eddie Kersch, free, 22, and single, arrived from Detroit, Michigan after having obtained a B.A. degree in January from Wayne University. His hobbies include music (piano playing and classical record collecting), travel, and photography.

STAFF MEMBER COMMENDED

Dr. Raymond E. Murphy received a "Citation for Meritorious Contribution to the Field of Geography" at the 50th Anniversary Meeting of the A. A. G. April 14th in Philadelphia. The award was "for outstanding success in bringing to *Economic Geography* broad professional support and a high degree of editorial excellence."

VISITING LECTURERS

The Graduate School of Geography was again privileged to hear four visiting lecturers this year. The fields discussed in keeping with the tradition of letting Clark students hear from "the outside" covered most of the continents of the globe in addition to the systematic fields of methodology, urban and social geography.

Dr. Preston James, Syracuse University and Clark alumnus, gave 3 lectures last semester. He spoke on the concepts and methods of geography with practical application to his special field of N. E. Brazil.

Dr. Earl Shaw, another alumnus of Clark and now Professor of Geography at Worcester State Teachers College, spoke on Egypt, its problems and future.

Dr. R. E. Dickinson, Professor of Geography at Syracuse University, arrived in March to give a series of 5 lectures. He had spent the year 1951-1952 in field work in Italy on grants from the Social Science Research Council and the Office of Naval Research and presented a summary of his findings on Land Reform in Southern Italy. In addition, 2 lectures each were given on the background and problems of social geog-

raphy and in his special field of urban geography.

Dr. Charles A. Fisher, a member of the faculty of University College, Leicester, England and presently a visiting lecturer at Yale University, honored us with a timely discussion of southeast Asia. Professor Fisher was extremely well versed on the ways of life and thought of the Asiatics having spent the greater part of the war as a prisoner of the Japanese.

All of the visiting lecturers were honored by the traditional tea held in Libby Library.

CUGS SOCIAL ACTIVITIES

The social season at Clark Graduate School of Geography was highlighted by four outstanding events. The first was a Christmas banquet held at White Cliffs in Marlboro. The evening was complete with turkey, humorous Christmas gifts presented to CUGS and Staff, carol singing with an international touch, and dancing. This initial social venture was labeled a marked success and resulted in three more during the spring semester.

An unusual and unique affair was held on Thursday, March 18. The "salt mines" took on a festive air when the ping-pong table and additional tables were adorned with tablecloths of colored comic papers and touches of crepe paper. In this setting, an informal spaghetti supper, which had been prepared in the kitchens of various members was served. Approximately sixty members and Staff supped and sang.

On April 26, the annual spring banquet was held at Sterling Inn. Dr. Deiter Brunnschweiler and Dr. Hassan Awad were honored guests. Gifts were presented to these two visiting professors as a token of appreciation by the Graduate School of Geography. This enjoyable and most memorable affair was attended by all CUGS and Staff.

On the opening day of the reading period, May 1, a picnic was held. Canoeing, boating, swimming, softball and volleyball were enthusiastically participated in by the jovial group who attended this outdoor gathering. These activities together with especially fine weather and a perfect location on Lake Singletary, Sutton made for an ideal day and climax to the social year.

A LAMENT

(With apologies to Kipling and Robert Davis)

When your learnin' days are over
And the books are shot with dust,
Remember, brother, all that trouble
You took, just to let it rust,
Working for a Clark Degree.

Monday, Wednesday, Friday morning
Before the rooster raised his crow,
We sat sleepy, dazed and rigid
Waiting for the numbing blow.
Koppenizing for a Clark Degree.

A little later in each morning
Certain problems raised their head.
Sparicio, would you show by dots,
bananas
If they all grew on coal beds?
(Economizing for a Clark Degree.)

Tuesdays filled with many courses
Must be jammed with double threat.
Many experts filled with terror,
Dr. Van keeps their foreheads wet.
Politicking for a Clark Degree.

Next with all the students gathered
Brunnschweiler without lecturing long,
Brought mighty Penck and Noble
Davis

Back to argue which is wrong.
Geomorphing for a Clark Degree.

Urban types were then appearing
After all had gone before,
Crawling out of second stories,
Dragging maps of street and floor.
Urbanizing for a Clark Degree.

Tuesday afternoons were opened
By a gathering most select.
Minds dwelt on cultural contact
And strained for their effect.
Seminaring for a Clark Degree.

Finally came some animation,
Changing Science to an art:
By means of wrapping paper
We achieved it from the start.
Sketching for a Clark Degree.

When your learnin' days are over
And the books are shot with dust,
Remember, brother, all that trouble
You took, just to let it rust,
Working for a Clark Degree.
