

Graduate Arts & Sciences

Happy Earth Day! Below are some helpful resources and reminders.

Commencement

Graduate commencement will be held on June 12th. Remember, the [Commencement Attendance and Diploma Name survey](#) **must be completed by 5:00 PM, Wednesday, April 28**. Even if you do not wish to attend, please fill out the survey so we know your plans. Only students who are attending will be eligible to receive guest tickets. More information on registering your guests will be sent out in the coming weeks. (Please note the survey is only open to those eligible to attend commencement. If you believe you are supposed to graduate this June but are unable to access the survey please email eeck@clarku.edu.)

Caps and gowns for all graduating students **must be ordered online by April 30, 2021**. You can order your regalia [here](#). **No late orders will be accepted.**

As a reminder you may visit www.clarku.edu/commencement for the most up-to-date information and details as they become available.

Dissertation and Thesis Formatting

It's that time of year to start thinking about properly formatting your dissertation or thesis. You can find instructions, guidelines, and templates under the Dissertation and Thesis Formatting Guides section of the [Student Resources](#) page. Theses and dissertations need to be uploaded by May 3 for June graduation.

Fall 2021 Registration

Web registration for continuing graduate students begins on Monday, May 10. The course grids will be posted on Monday, April 26 at noon. The schedule can be found on the [Courses and Schedules](#) page of the Office of the Registrar.

Ace your presentations

The Bits & Bytes newsletter highlighted a tool to help you practice your presentations. See their article about the PowerPoint Presentation Coach in their latest [issue!](#)

New England Future Faculty Virtual Workshop in July 2021

See the [flyer](#) with information on the [New England Future Faculty Workshop \(NE-FFW\)](#) which will be held virtually on Wednesday July 28th and Thursday, July 29th, 2021. **The NE-FFW is designed specifically for postdoctoral fellows and advanced graduate students in Science, Technology, Engineering and Mathematics (STEM), Health Sciences, Social Sciences, and the Humanities, who are interested in an academic career.**

Northeastern University is committed to cultivating talent and promoting the full inclusion of excellence. **This workshop is designed to serve those who are members of groups whose representation in faculty positions is smaller than their representation in the U.S. population. This includes women, racial and ethnic minorities, persons with disabilities, first-generation students, and members of the LGBTQ+ community.**

The NE-FFW is focused on the academic job search. The format of the two-day workshop includes faculty-led interactive discussions and peer-to-peer interactions. Workshop topics include: Finding Your Institutional Fit, Perfecting Your Interview Skills, Making Your CV Stand Out, Crafting Research, Teaching and Diversity Statements, Negotiating the Job Offer, and more.

To participate in the NE-FFW, there are several steps interested people need to take:

1. Submit the application packet by June 1st, 2021
 2. Accepted applicants will be notified by mid-June
 3. Confirm their participation by paying a \$50 registration fee due in late June
